# ADJUSTABLE HYDRAULIC THUMBS

- Made of **Hardox® 450 steel**. Lighter and more durable than commercial steel.
- **Bolt-on adjustable thumb length** according to bucket size and operator preference. Improves operation versatility.
- Adjustable thumb stopper to prevent damage to the cylinder. Smoother thumb closure and increased durability.
- Optional **bolt-on widening kit** to increase grapple strength.
- **Compatible with the majority of excavator manufacturers and models.**

## Adjustable Thumbs
