# RIPPERS

- Entirely made of **Hardox® 450 steel**. Lighter and more durable than commercial steel.
- Powerful tool designed to cut through rocks, hard and frozen ground. Reducing downtime and getting the job done.
- Fixed CAT-style teeth to enhance productivity. Easily replaceable and universal.
- **Compatible with the majority of excavator manufacturers and models.**

Technical Specifications			
Models	Width	Weight	Excavator Weight
EDD1	18"	57 lbs	0.5 to 1.9 tons
EDD2	21"	114 lbs	2 to 2.9 tons
EDD3	31"	180 lbs	2.5 to 7 tons
EDD4	32"	318 lbs	7 to 10 tons
EDD5	29"	612 lbs	10 to 16 tons
EDD6	43"	930 lbs	17 to 23 tons

- **Increase your grapple strength and performance** by combining your root rake with an adjustable hydraulic thumb with the widening kit.
